WHY PARTNER WITH US

Margins that grow with you

Every partnership level unlocks higher margins on your licence orders: the more you sell, **the more you earn on every deal**. No negotiations and no waiting: your progress is tracked automatically and rewarded instantly.

Recurring revenue

Subscription licences, renewals and upgrades turn every customer into a **long-term revenue stream**. Sell once, earn again at every renewal and grow each deal over time with upgrades and extra connections.

Full autonomy

Price quotes, orders, activations, renewals and upgrades: **you manage everything in self-service** from your Partner Area, 24/7. No tickets and no back-and-forth as you close the moment your customer is ready.

You own the relationship

Your customers don't need to register with us: you purchase, activate and deliver the licences. They simply enjoy the product, while the relationship stays entirely yours.

Stock at no cost

Licences are fully electronic and **can be activated at any time** via the online portal. You can buy in advance and activate only when your customer is ready. No upfront risk.
