The IT Management
dashboard
for Supremo
and Uranium Backup

OUR PORTFOLIO

Supremo

Easy-to-use

Lightweight and fast to deploy
for seamless access.
No configuration required.

Flexible

No limits to enabled devices
and users. Take access to unlimited
remote endpoints and workstations.

Secure

Securely connect to remote
PCs, laptops, servers
and mobile devices using
encrypted connections.

Cross-platform

Provide support on the go
with Windows, macOS, Android
and iOS devices.

Feature-rich remote access software

Remote monitoring and support
are much easier than it seems
